

THE FRESH PACKAGING IDEA
FOR FRUIT AND VEGETABLES

The Veggie Bag at a glance:

🍏 Environmentally friendly:

At least 90% less film than with plastic bags

🍏 Longer shelf life for products in the fridge compared to plastic bags

🍏 No metallic staple in the bundle

🍏 With bottom gusset available, increases filling volume, + 20 %

🍏 User-friendly tear off system

🍏 Paper represents tradition and handicraft and is an ideal advertising medium for your brand

🍏 Attractive combination of **paper and film**, always presents fruit and vegetables in a fresh, natural and appetising way for the customers and allows visibility at the checkout

🍏 Water-based colour and **FSC®** (FSC®-C105659) or **PEFC** certified paper

The size and quality of the Veggie Bag can be flexible selected:

Width (W): 13 - 60 cm

Height (H): 8 - 39 cm

Film (F): 0 - 100% of the front side

MOQ custom size or print:
2 million pcs / run

Optionally with bottom gusset

NEW

Available on stock: 28 x 35 cm
and 35 x 35 cm, unprinted

Available paper qualities:

wet strength 50 gsm FSC®
(FSC®-C105659)

Available film qualities for the window:

OPP 11 microns or PLA 17 microns

Other paper and film qualities available on demand
