

reLoc Bag textile

The first **resealable** bag made from
100% paper

reLoc Bag

THE alternative to the plastic bag

The reLoc Bag consists of two types of paper that can be collected via the paper bin and easily recycled in the existing recycling loop.

The GLASSINE paper offers sufficient **TRANSPARENCY**.

Glassine becomes transparent through particularly intensive "grinding" of the paper fibres and a complex mechanical smoothing process. Not as transparent as film, but you can see product features and colours.

Since glassine is expensive to produce and requires more energy than other papers, we have reduced the proportion to what is necessary. A good three quarters of the bag consists of standard paper - according to customer wishes. This also makes the bag stronger.

Thanks to the newly developed **RE-CLOSURE**, the bag is easy to open and simple to reseal again and again.

INDIVIDUAL DESIGN

promotionally effective
with environmentally friendly,
water-based inks

VARIABLE

different formats
and qualities

MADE IN GERMANY

highest quality,
fast and reliable

PERFECTLY COMBINED

the clever material mix of recycled paper and glassine paper

CLEVER MIX OF MATERIALS

combines the advantages of both paper types and enables product view

SUSTAINABILITY

the reLoc Bag is made entirely of FSC-certified paper (FSC®-C105659) and is 100% recyclable

ATTRACTIVE LOOK

up to 10-colour design with water-based inks

INNOVATIVE CLOSURE

a newly developed technique allows multiple closures

TOPVIEW

especially for textiles with collar

VIEW

the glassine extends to the back of the bag and thus offers even more transparency

PRESENTATION

perfect for shirts, as the collar is completely visible

INTERIOR PRINTING

for a particularly high-quality presentation of your textiles

FROM ALL SIDES

the inside print makes the packaging and thus your product a real eye-catcher and ensures a particularly high-quality presentation of your textiles

ABRASION RESISTANT INKS

the inner surface can be printed without risk of ink transfer

TECHNICAL DATA reLoc Bag

standard size	external dimension	inner dimension
formats in mm	240 x 310	225 x 310
due to a side glue seam inner and outer width are different	270 x 350	255 x 350
	320 x 400	305 x 400
	420 x 500	405 x 500

All types made of recycled paper 70g in white or brown + glassine 35g.

Standard formats available at short notice. Special formats on request.

Individual printing from 30,000 pieces/variety.

In our online shop at www.weberverpackungen.de/shop you can order unprinted reLoc Bags Textile and a corresponding **sample pack**.

For smaller formats, we recommend our **reLoc Bag for small parts and accessories** and our **Send Bag** for shipping.

INDIVIDUALITY

We print the reLoc Bag entirely according to your wishes.

Let your creativity run free. We will be happy to advise you!
