

GREEN FROM START TO FINISH

**Resource-saving,
cost-efficient quality made
from 100% recycled paper**

**Efficient and safe
transport, sustainable
brand transfer**

**Comfortable, environmentally
conscious product experience
without shopping shame**

Saves

**raw materials
energy
water**

Das Zeichen für
verantwortungsvolle
Waldwirtschaft

when producing paper
from **100% recycled paper**

Sustainable recycling:

paper manufacturers from the
EU with focus on water treat-
ment, purification & recycling,
and renewable energies

Saves costs:

costs less than corrugated
boxes

Most competitive prices

thanks to efficient production
in Germany

Packed quickly: **self-adhesive closure**

Saves space: Parcel volume adapts to
the content. More flexibility compared to
corrugated boxes: never more packaging
than necessary

Short delivery routes: made in **Germany**

**Saves storage and transport costs for
parcel services, transport energy** and
thus **CO₂ emissions**

Strong, robust paper protects products
Secure storage in the supply chain

Optimised for **affordable shipping:**
size S corresponds to small parcel
standards

Scalable flexo printing with environ-
mentally friendly water-based inks

Branding: excellent print

Unboxing:

well-functioning tear strip
Neither knife nor scissors needed

Reusable: extra adhesive strip
for easy returns

No shopping shame for
environmentally conscious
consumers and more brand
loyalty

Easy to dispose of: no bulky
packaging waste

100% recyclable in an existing,
functioning circular economy

No plastic problem: if disposed
of improperly, paper will rot after
a short time
