FLEXIBLE PACKAGING AND FLEXO PRINTING FOR EVERY INDUSTRY

SIDE GUSSET BAGS & BAGS FOR AUTOMATISED PACKAGING

Our side gusset bags and bags for automatised packaging offer easy handling, clear cost benefits and a wide range of applications, from baked goods to non-food items. Bags tailored to fit all standard machinery ensure reliable, flexible processes – backed by decades of experience.

SIDE GUSSET BAGS

WIDE RANGE

Many versions for bread, baked goods, and snack packaging

FLEXIBLE MATERIALS

Available in all common packaging materials

MANUAL PACKAGING

Ideal for filling at the point of sale

STABLE SHAPE

Side gusset construction ensures durability and an attractive, well-shaped presentation

BAGS FOR AUTOMATISED PACKAGING

MACHINE-COMPATIBLE

Suitable for all common packaging machines

HIGH PROCESS RELIABILITY

Designed for fast and reliable automated packaging processes

FRESHNESS PROTECTION

Barrier properties reliably reduce oxygen and water vapour exchange

EFFICIENT MATERIALS

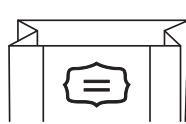

Optimised coatings ensure freshness with minimal use of plastic

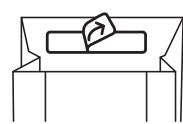

BAGS WITH WICKETS

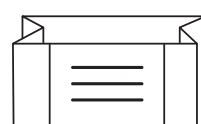

PRINTED INSIDE AND OUTSIDE

JEWELLERY STICKER

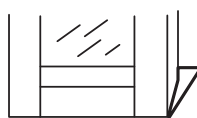

CLOSURE STICKER

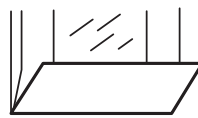

PRINTED FILM

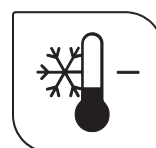

BUNDLING

BACK BOTTOM FLAP

FRONT BOTTOM FLAP

FREEZABLE

STRIP WINDOW BAGS

Greater visibility, greater impact: our strip window bags showcase bread, baked goods and snacks to perfect effect. The integrated window ensures maximum visibility in self-service areas or at the counter – available in a range of variants, made from 100% paper or with a plastic window, to suit your specific needs.

STRIP WINDOW BAG GLASSINE

PAPER RECYCLING POSSIBLE

The bag can be disposed of completely via the waste paper stream

NATURAL TRANSPARENCY

Glassine provides subtle visibility of the packaged contents

MATERIAL-SAVING SOLUTION

Pure paper window without additional plastic content

CONSCIOUS MATERIAL CHOICE

Suitable for paper-based packaging concepts

STRIP WINDOW BAG FILM

MAXIMUM VISIBILITY

The film window shows the contents particularly clearly and distinctly

HIGH-QUALITY PRESENTATION

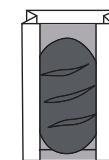

Attractive product presentation for bread, baked goods, and snacks

STRONG MATERIAL PROPERTIES

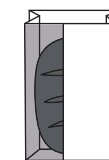

The film window remains stable and tear-resistant in every application

OPTIMAL PRODUCT IMPACT

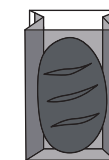

Perfect when maximum visibility supports the purchasing decision

STANDARD

CORNER WINDOW

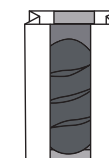

PANORAMA

HALF & HALF

BANDEROLE

RACING STRIPE WINDOW

SNACK RANGE

With the Snack Range, small breaks are always perfectly packaged – paper-based, practical, and compact. Our well-designed snack packaging solutions are ideal for on-the-go consumption and available in various sizes. Thanks to the practical self-adhesive closure, they can be closed quickly, and the tear-open perforation ensures easy opening. For carefree snacking, wherever you are.

SNACK BAG LIGHT

THE ENTRY-LEVEL MODEL

For an easy switch to modern snack packaging

AFFORDABLE

Cost-effective, similar to a classic bakery bag

TAKE-AWAY COMFORT

With typical snack bag features such as self-adhesive closure and tear-open perforation

SNACK BAG PURE PAPER

VOLUMINOUS

Perfect for burgers or other large snacks

EASY PACKAGING

The bigger bag format allows easy filling

EFFICIENT USE OF MATERIALS

No more packaging than necessary – recyclable via the waste paper stream

SNACK BAG THERMO

THERMO EFFECT

Double-layer, greaseproof paper for warm enjoyment

PAPER VS. ALUMINIUM FOIL

Keeps food just as warm as aluminium foil

EASY HANDLING

Thanks to practical self-adhesive closure and tear-open perforation

SNACK BAG FIFTY FIFTY GLASSINE

VISIBILITY

Transparency through glassine window

PAPER

Made from paper-based, renewable raw materials

PRACTICAL

Keeps the snack compactly together

SNACK BAG FIFTY FIFTY PET

VISIBILITY

Clear presentation through a PET film window

FIFTY FIFTY

Approx. 50% PET and 50% paper

NEUTRAL DESIGN

Appealing layout for an attractive appearance

PANO RAZOR GLASSINE

VISIBILITY

Transparency through glassine window

PAPER

Made from certified, renewable raw material sources

CERTIFIED MATERIALS & PRINTING INKS

Printed with water-based colours on certified paper

PANO RAZOR PET

VISIBILITY

Panoramic window showcases the snack's freshness

CUSTOMISABLE

Thanks to the label, a wide variety of snacks – from rolls to baguettes – can be packaged to fit perfectly

EYE-CATCHER

Paper back side offers plenty of advertising space

LOC BAG PIZZA

LARGE WINDOW

Showcases the freshness of the snack

MATERIAL COMBINATION

Made of paper and PET film

RESEALABLE

Portion-by-portion dispensing possible

WIDE FORMAT

Wider than the Loc Bag Razor and therefore ideal for snacks such as pizza or focaccia

LOC BAG RAZOR

TO-GO

Ideal for eating on the go – mess-free

LARGE WINDOW

Showcases the freshness of the snack

WATER-BASED COLOURS

Printed on PEFC-certified paper

TEAR-OPEN PERFORATION

Very easy to open

FINGERFOOD BAG

VERSATILE USE

Ideal for fries, wedges, nuggets, and other finger food

SELF-ADHESIVE CLOSURE

Enables fast, easy, and flexible closing

GREASEPROOF

Greaseproof paper, ideal for hygienic packaging of greasy snacks

EYE-CATCHER

The paper sides offer plenty of space for advertising

WRAP BAG

EASY PACKAGING

Insert wrap or lahmacun, roll up – done!

CERTIFIED MATERIALS & PRINTING INKS

Printed with water-based colours on PEFC-certified paper

EASY TO OPEN

Tear off the upper half at the tear-open perforation

PAPER-BASED SOLUTION WITHOUT ALUMINIUM FOIL

Wrapping creates multi-layer paper and keeps the snack warm

SANDWICH BAG

PERFECT PRESENTATION

Cleverly cut the sandwich in half and present pleasantly

EASY HANDLING

Self-adhesive dots allow fast rolling and packaging

CLEAN ENJOYMENT

Tear-off perforation allows clean eating and clean fingers

FRESHNESS

Thick paper prevents drying out and retains moisture

STREETFOOD BAG

GREASEPROOF PAPER

Ideal for hygienic packaging of greasy snacks

PRACTICAL

Keeps snacks compact so nothing spills while eating

EYE-CATCHER

Plenty of advertising space with excellent print quality

THERMAL EFFECT

Double-layer paper keeps snacks warm and crispy – a proven alternative to aluminium foil

PAPER CONE

POPULAR

“Original paper bag shape” for snacks, fruit, and sweets

IDEALLY PORTIONED

Flexible sizes depending on individual filling quantity

PRE-PACKAGING POSSIBLE

Packaged and ready to grab – ideal for fast service

VERSATILE USE

Also suitable for non-food products such as accessories, decoration, cosmetics, or other small items

CUTLERY BAG

TEAR-OPEN PERFORATION

For easy, safe, and convenient opening

EASY PACKAGING

Self-adhesive closure for simple handling

HYGIENIC

Ideal packaging for clean cutlery

PRINTED TAMPER SEAL

Quality seal for hygienically packaged cutlery

LOC BAG

The Loc Bag is a true all-rounder: features such as film or glassine windows, flaps, Euro holes, bases or antistatic properties allow for clearly defined variants. This makes every Loc Bag a bespoke specialist packaging solution for a wide range of industries.

LOC BAG PURE PAPER

THE BASIC MODEL

A solid foundation for numerous application areas

PAPER-BASED

Alternative to poly bags

EASY CLOSING

Thanks to flap and self-adhesive closure

FLEXIBLE

Available in customised sizes

ESD PAPER BAG

INNOVATIVE

The first antistatic bag made of paper

AWARD-WINNING

Winner of the German and global packaging award (WorldStar Winner 2025)

ESD PROTECTION

Dissipative plus, compliant with DIN EN 61340-5-3

VOLUME RESISTANCE $5.6 \times 10^4 \Omega$

Significantly better than plastic thanks to the innovative bag construction

reLOC BAG ACCESSORIES

CLEVER MATERIAL MIX

Combines the advantages of kraft paper and glassine paper and enables product visibility

ATTRACTIVE LOOK

Up to 10-colour designs using water-based colours

INNOVATIVE CLOSURE

Newly developed technology allows multiple opening and resealing

SUSTAINABILITY ASPECT

Certified paper and recyclable via the waste paper stream

POUCH BAG

VISIBILITY

Transparency through glassine or film window

BOTTOM GUSSET

For increased volume

EURO HOLE

Standardised and tear-resistant euro hole

INNOVATIVE CLOSING FLAP

Tamper-evident and/or resealable

reLOC BAG TEXTILES

ATTRACTIVE PRESENTATION

Textiles are showcased perfectly

VERSATILE USE

As an inner bag for online shipping or as packaging at the point of sale

CERTIFIED PAPER

Designed for standard paper recycling systems

INNOVATIVE CLOSURE

Newly developed technology allows multiple opening and resealing

TRANSPARENT PAPER BAG

PAPER-BASED

The bag is made entirely of glassine paper

VISIBILITY

Good transparency enables easy scanning

SELF-ADHESIVE CLOSURE

Practical closure for easy filling

BOTTOM GUSSET

For increased volume

SEND BAG

TEAR-OPEN STRIP

For safe and convenient opening

RESEALABLE

For returns (send back)

HIGH IMPACT

High print quality with up to 11 colours

VARIABLE

Available in different formats

LOC BAG FIFTY FIFTY

FRESHNESS

Ideal for cold cuts such as sliced sausage, meat products, or sliced cheese

EASY PACKAGING

Place product inside, fold flap – done!

RESEALABLE

Applied adhesive strip enables resealing

VISIBILITY

Attractive combination of paper and film

VEGGIE BAG

BLOCKED FOR TEAR-OFF

According to individual specifications

BOTTOM GUSSET

With ventilation holes

LARGE WINDOW

Maximum visibility in self-service areas or at the counter

HIGH IMPACT

High print quality with up to 11 water-based colours

BAKER BAG

BLOCKING

As with the Veggie Bag, blocking with tear-off perforation is possible

VISIBILITY

Attractive combination of paper and film

CRAFTSMANSHIP

Paper stands for craftsmanship and is an ideal advertising medium

SMART MATERIAL BLEND

Paper part made from recycled paper

AUTOMATIC PACKAGING ROLLS & FLOW WRAP

Our automatic packaging rolls stand for high-performance, industrial packaging with impact. The high-quality printed paper rolls ensure brilliant, durable packaging – ideal for food, dry goods, bulk goods, e-commerce, and further flow-wrap and flowpack applications. Developed specifically for horizontal and vertical form-fill-seal machines, they convince with optimal running properties as well as optional protective, sealing, and barrier coatings against grease, moisture, or oxygen.

AUTOMATIC PACKAGING ROLLS

EXCELLENT FLEXO PRINTING

Up to 11 water-based and solvent-free colours

SUITABLE FOR AUTOMATED PACKAGING

Compatible with VFFS and flowpack systems

FLEXIBLE

Up to 125 cm print width and up to 130 cm roll diameter

NO COLOUR RUB-OFF

Thanks to protective coating; sealing and barrier varnish also available

FLOW WRAP

SEALABLE AND MACHINE-COMPATIBLE

For smooth packaging processes using paper instead of film

BARRIER OPTIONS AVAILABLE

Barrier properties against grease, moisture, or oxygen
Ideal for food, cosmetics, and many other products

IMPRESSIVE

Natural paper structure emphasises the high-quality character

INDIVIDUALLY PRINTABLE

High-quality flexographic printing with up to 11 water-based and solvent-free colours

bloom guard

The bloom guard is the ideal packaging solution for flowers, plants, herbs and lettuces. Available in a combination of paper and film or as a fully paper-based option, the bloom guard combines strong brand impact with ease of use – suitable for both automated packing lines and efficient manual packing.

CUT FLOWERS

ADVANTAGES OF PAPER

Certified materials, breathable structure, natural look and feel, recyclable via the waste paper stream

bloom guard TOP VIEW

Combination of paper with an upper strip made of glassine or film creates an attractive eye-catcher

bloom guard MIXED PAPER

Combination of standard paper and wet-strength paper, allowing flowers to be placed in water

POTTED PLANTS

PURE PAPER

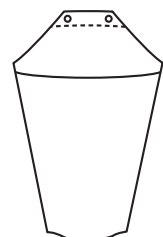

Good view and, if desired, printing on the inside

bloom guard CLEAN BASE

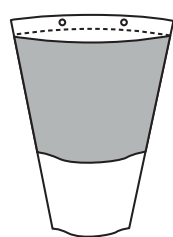

Thanks to the die-cut, water-resistant base, the plant can be watered and keeping everything hygienic and clean

bloom guard PLUS

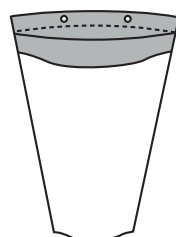

Winner of the German and global packaging award (WorldStar Winner)
Easy separation of paper and film thanks to the tear-off tab

WEBER VERPACKUNGEN

Expertise in Printing and Paper

We develop and produce paper-based packaging solutions for food and non-food applications. With many years of experience, strong material expertise, and a clear focus on practical requirements, we create packaging that combines product protection and functionality. As a reliable partner, we support customers from various industries with well-designed standard solutions and individually customised concepts.

Our promise

We listen, think along, and act reliably. Clear communication, dependable processes, and cooperative partnership form the basis for packaging solutions that integrate seamlessly into existing workflows and provide security in everyday use.

PPWR-compliant packaging solutions

PPWR stands for Packaging and Packaging Waste Regulation, the new EU packaging regulation. Its goal is to reduce packaging waste, strengthen recycling, and promote the use of sustainable materials. As an experienced partner, we support implementation in a practical way – from consultation to the finished packaging. Around 200 employees work every day with passion to meet and exceed customer expectations.

OUR CORE VALUES. YOUR ADDED VALUE.

PRINT

Precise · Reliable · Process-safe

YOUR ADDED VALUE: consistently high print quality for a professional appearance, as well as predictable costs and schedules through efficient processes

QUALITY

High standards · Careful processing · Reliable materials

YOUR ADDED VALUE: safe packaging solutions you can rely on in everyday operations, as well as stable processes throughout the supply chain

INNOVATION

New ideas · Practical thinking · Future-oriented

YOUR ADDED VALUE: solutions that grow with your requirements, as well as future-proof packaging concepts without unnecessary complexity

MADE IN GERMANY

Short distances · High standards · Reliable delivery capability

YOUR ADDED VALUE: fast delivery times, short response times, and high flexibility for changes or additional requirements

PAPER

Conscious material selection · Versatile use · Recyclable via the waste paper stream

YOUR ADDED VALUE: paper-based packaging with high market acceptance, as well as flexible solutions for various applications

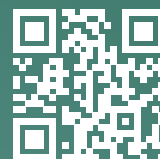

CONTACT

We are happy to support you in presenting your products in a more paper-based, innovative, and attractive way. We look forward to your enquiry.
