

AUTOMATIC PACKAGING ROLLS

High-quality paper rolls for **industrial usage**

High quality and paper-based **presentation of the product**

- ▶ **Excellent flexo printing** with up to 11 water-based and solvent-free colours
- ▶ Suitable for VFFS and Flowpacking
- ▶ All **paper qualities** up to 180 g/m²
- ▶ Motifs with up to **125 cm print width** and **130 cm roll diameter**
- ▶ **Protective varnish** for improved abrasion resistance
- ▶ Application of **heat-sealing** or **barrier coatings**

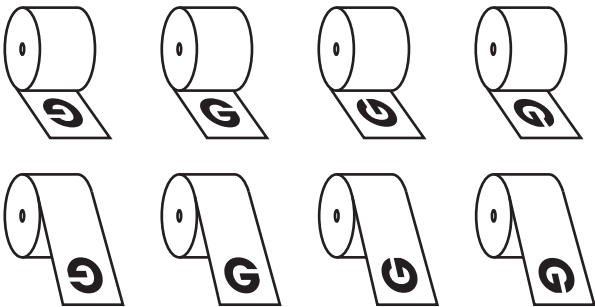

Efficient handling

during packaging and processing

- ▶ Customized **control over friction and slip behavior** thanks to anti-slip varnish (for friction control)

- ▶ Flexible **printing direction**

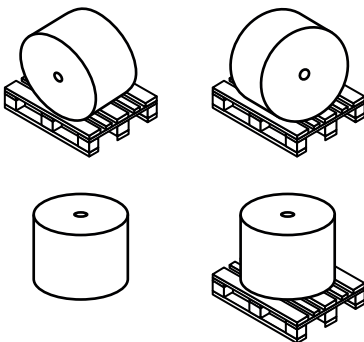

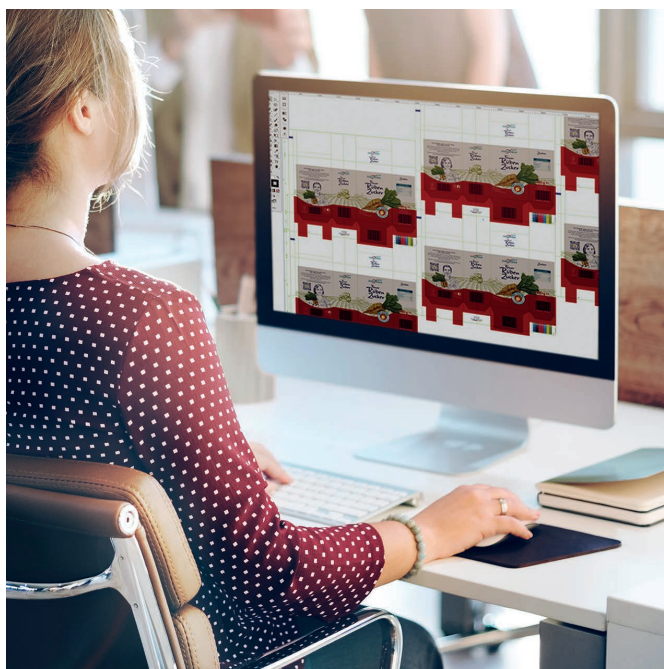

- ▶ Precise **edge-straight rewinding** of the roll

- ▶ **Transport protection on palette** according to customer requirements, e.g. with strapping and paper wedges or cores

- ▶ Shipped and packed on palette **according to customer requirements**

Technical **advice** and **service**

- Professional advice from our experienced **printing** and **packaging specialists**
- Realisation of **repro** and **pre-press**
- **Fast** and **reliable** delivery from our production site in Germany

Custom-printed rolls for machines, with individual support and straightforward implementation.

Focus on the **highest standards of hygiene**, certified materials, water-based colors and efficient processes.
