

reLoc Bag textile

The **reclosable** bag made from **paper**

reLoc Bag

the paper-based alternative to the plastic bag

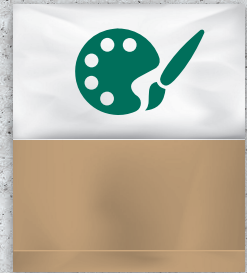

The reLoc Bag is made from two types of paper and, if correctly disposed of in the paper bin, can be recycled as waste paper in the existing recycling loop.

The GLASSINE paper offers sufficient TRANSPARENCY.

Glassine becomes transparent through particularly intensive "grinding" of the paper fibres and a complex mechanical smoothing process. Not as transparent as film, but you can see product features and colours.

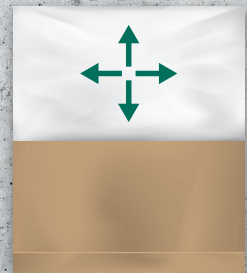

Since glassine is expensive to produce and requires more energy than other papers, we have reduced the proportion to what is necessary. A good three quarters of the bag consists of standard paper - according to customer wishes. This also makes the bag stronger.

Thanks to the newly developed **RE-CLOSURE**, the bag is easy to open and simple to reclose again and again.

INDIVIDUAL DESIGN

promotionally effective
with water-based colours

VARIABLE

different formats
and qualities

MADE IN GERMANY

highest quality,
fast and reliable

PERFECTLY COMBINED

the clever material mix of recycled paper and glassine paper

CLEVER MIX OF MATERIALS

combines the advantages of both paper types and enables product view

CERTIFIED MATERIAL

Produced from FSC®-certified paper (FSC-C105659)

ATTRACTIVE LOOK

up to 10-colour design with water-based inks

INNOVATIVE CLOSURE

a newly developed technique allows multiple closures

TOPVIEW

especially for textiles with collar

VIEW

the glassine extends to the
the back of the bag and
thus offers even more
transparency

PRESENTATION

perfect for shirts,
as the collar is
completely visible

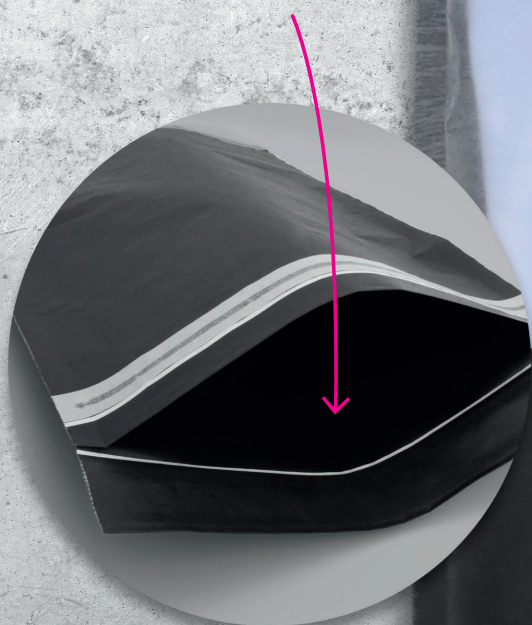

INTERIOR PRINTING

for a particularly high-quality presentation of your textiles

FROM ALL SIDES

the inside print makes the packaging and thus the product a real eye-catcher and ensures a particularly high-quality presentation of textiles

ABRASION RESISTANT INKS

the inner surface can be printed without risk of ink transfer

TECHNICAL DATA reLoc Bag

standard size	external dimension	inner dimension
formats in mm	240 x 310	220 x 310
due to a side glue seam	270 x 350	250 x 350
inner and outer width are different	320 x 400	300 x 400
	420 x 500	400 x 500

All types made of white recycled paper 70g + glassine 35g.

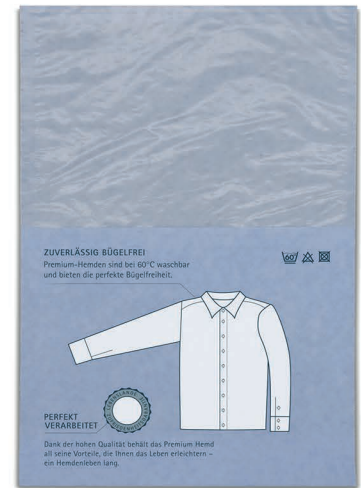

Standard formats available at short notice. Special formats on request.
Individual printing from 30,000 pieces/variety.

In our sister company's online shop at www.to-go-verpackungen.de you can find not only our reLoc Bag Textile, but also our reLoc Bag for small parts and accessories in smaller formats and a wide range of other innovative packaging solutions.

INDIVIDUALITY

Every reLoc Bag is as unique as the brand behind it. Creative ideas can be brought to life with flexibility, backed up by our experienced support.
